Checklist for Dissertations - Medical Faculty

Please check if you have addressed the following key points in your doctoral thesis:

Title Page		
0	The title page is complete, without logos and complies with the specifications in Appendix 2 to the doctoral regulations.	
Page 2	- Page 4	
	These pages have been designed and numbered according to the specifications of the Appendix to the doctoral regulations.	
Summary		
\bigcirc	The summary (German and English) was prepared according to the specifications.	
\bigcirc	It was prepared twice: 1. Bound into the dissertation and 2. As a separate pdf-document.	
List of Abbreviations		
\bigcirc	The list of abbreviations is complete and correct.	
Table of Contents		
\bigcirc	The table of contents was prepared according to the formal structure defined by the	
	faculty.	
	It is complete; all chapters including all subchapters are listed. The page numbers in the table of contents correspond to those in the text.	
O	The page numbers in the table of contents correspond to those in the text.	
Introduction		
Introdu	uction	
_	An overview of the current state of research is given.	
_	An overview of the current state of research is given. Your own question / hypothesis is clearly presented in the subchapter <i>Aims of Thesis</i> .

These will be referenced by in the Introduction or in the Discussion. Third-party contributions are clearly marked and will be declared in the form <i>Declaration</i>	

0	No literature is cited in this section except for included data, which has been published elsewhere.	
Discuss	sion	
Ö	Where applicable, results are briefly summarized. Results are discussed in the context of the current state of research. Conclusions and, where applicable, discussion of the outlook for future research are included.	
Reference list/Bibliography		
_	The reference list/bibliographic index is in order, complete and consistent. All sources cited within the main text are listed here. All citations are consistently formatted.	
Appendix		
	Here, you can insert additional material, e.g. questionnaires.	
Figures and Tables		
	There is a consistent layout for all tables and figures and the respective headings.	
\bigcirc	All tables and figures are numbered consecutively and have a title and legend.	
0	All abbreviations, color-coding and symbols are explained (units, statistical significance are defined).	
\bigcirc	All axes are labelled.	
\circ	All sources are given, permission for use (licence) has been granted, if applicable.	
Not included in the dissertation		
	Affidavit (This is submitted as a separate document with the application for admission)	
Ŏ	Curriculum vitae (This is submitted as a separate document with the application for admission)	
\bigcirc	Ethics votes and other signed documents	
Citations		
	All non-original text or figures are clearly marked as such; the source is stated.	
	Quotes are set in italics and with quotation marks.	
O	Quotes are set in haires and with quotation marks.	
"Aesthetics"		
\bigcirc	The layout is consistent (e.g. typeface, font size, line spacing).	
\bigcirc	Pages numbers are correct (table of contents, main text body).	
	Page breaks make sense.	
	Spelling has been checked. The formatting is preserved when converting the document into a PDE (print out and	
O	The formatting is preserved when converting the document into a PDF (print out and PDF look identical).
